

Liste faunistique des Plécoptères de France métropolitaine avec les principales synonymies LE DOARÉ, J., A. RUFFONI & G. VINÇON, 2024

Perlodidae Klapálek, 1909

Arcynopteryx Klapálek, 1904

1. *Arcynopteryx dichroa* (McLachlan, 1872)
 - = *Dictyopteryx compacta* McLachlan, 1872
 - = *Perlodes arnaldi* Navás, 1914
 - = *Arcynopteryx pyrenaica* Despax, 1927

Besdolus Ricker, 1952

2. *Besdolus bicolor* (Navás, 1909)
3. *Besdolus imhoffi* (Pictet, 1841)
 - = *Perla imhoffi* Pictet, 1841
 - = *Isogenus imhoffi* Klapálek, 1906
 - = *Dictyogenus imhoffi* Rousseau, 1924
 - = *Dictyogenus imhoffi* Despax, 1951
 - = *Besdolus imhoffi* Zwick & Weinzierl, 1995
4. *Besdolus ravizzarum* Zwick & Weinzierl, 1995
 - = *Isogenus (Dictyogenus) ventralis* Despax, 1951
 - = *Dictyogenus ventralis* Ravizza & Ravizza Dematteis, 1976 ; non Pictet, 1841
 - = *Dictyogenus ventralis* Berthélemy, 1966

Dictyogenus Klapálek, 1904

5. *Dictyogenus alpinum* (Pictet, 1841)
 - = *Perla alpina* Pictet, 1841
 - = *Isogenus alpinus* Klapálek, 1906
 - = *Dictyogenus gaullei* Navás, 1925
 - = *Dictyogenus alpinus* Kühtreiber, 1931
 - = *Isogenus (Dictyogenus) alpinus* Despax, 1951
6. *Dictyogenus fontium* (Ris, 1896)
 - = *Dictyopteryx fontium* Ris, 1896
 - = *Isogenus fontium* Klapálek, 1906
 - = *Isogenus (Dictyogenus) fontium* Despax, 1951
7. *Dictyogenus jurassicum* Reding, Launay, Le Doaré, Ruffoni & Vinçon, 2019
8. *Dictyogenus muranyii* Vinçon, Launay, Le Doaré, Ruffoni & Reding, 2019

Diura Billberg, 1820

9. *Diura bicaudata* (Linnaeus, 1758)
 - = *Phryganea bicaudata* Linnaeus, 1758
 - = *Dictyopteryx norvegica* Kempny, 1900
 - = *Isogenus rectus* Kempny, 1901
 - = *Dictyopteryx septentrionis* Klapálek, 1904
 - = *Dictyopterygella parva* Koponen, 1915

Perlodes Banks, 1903

10. *Perlodes dispar* (Rambur, 1842)
 - = *Perlodes zetterstedti* Bengtsson, 1933
11. *Perlodes intricatus* (Pictet, 1841)
 - = *Perla (Dictyopteryx) intricata* Pictet, 1841
 - = *Perlodes intricata* Klapálek, 1912
 - = *Perlodes macrura* Klapálek, 1912
 - = *Perlodes transversa* Klapálek, 1912
 - = *Perlodes fonti* Navás, 1917
 - = *Perlodes principissa* Navás, 1917
 - = *Perlodes intricata* Despax, 1951
 - = *Perlodes jurassicus* pro parte (exemplaires du Massif Central : Knispel et al. 2002), non Aubert, 1946

12. *Perlodes jurassicus* Aubert, 1946
 13. *Perlodes microcephalus* (Pictet, 1833)
 = *Perla microcephala* Pictet, 1833
 = *Perla cymodoce* Newman, 1839
 = *Perla rectangula* Pictet, 1841
 = *Perla hispanica* Rambur, 1842
 = *Dictyopteryx mortoni* Klapálek, 1906
 = *Perlodes cadevallii* Navás, 1922
 = *Perlodes festai* Navás, 1932
 = *Perlodes microcephala* Despax, 1951

Isogenus Newmann, 1833

14. *Isogenus nubecula* Newman, 1833
 = *Perla bicaudata* Fourcroy, 1785 (non Linnaeus, 1758)
 = *Nephelion nubecula* Pictet, 1841
 = *Perla parisina* Rambur, 1842
 = *Perla proxima* Rambur, 1842
 = *Isogenus pudens* Bengtsson, 1933

Isoperla Banks, 1906

15. *Isoperla acicularis acicularis* (Despax, 1936)
 = *Chloroperla acicularis* Despax, 1936
 16. *Isoperla ambigua* (Despax, 1936)
 = *Chloroperla ambigua* Despax, 1936
 17. *Isoperla carbonaria* Aubert, 1953
 18. *Isoperla difformis* (Klapálek, 1909)
 19. *Isoperla goertzi* Illies, 1952
 = *Isoperla görtzi* Illies, 1952
 20. *Isoperla grammatica* (Poda, 1761)
 = *Phryganea grammatica* Poda, 1761
 = *Semblis grammatica* Schrank, 1802
 = *Perla virescens* Pictet, 1833
 = *Chloroperla fuscipennis* Stephens, 1836
 = *Chloroperla lateralis* Stephens, 1836
 = *Chloroperla media* Stephens, 1836
 = *Chloroperla venosa* Stephens, 1836
 = *Chloroperla rufescens*, Stephens, 1836
 = *Perla viren* Zetterstedt, 1840
 = *Perla affinis* Pictet, 1841
 = *Perla chlorella* Rambur, 1842
 = *Chloroperla strandi* Kempny, 1900
 = *Chloroperla codinai* Navás, 1922
 = *Chloroperla grammatica subarmata* Despax, 1936
 = *Chloroperla grammatica triangularis* Despax, 1936
 = *Chloroperla grammatica typica* Despax, 1936
 21. *Isoperla insularis* (Morton, 1930)
 = *Chloroperla insularis* Morton, 1930
 22. *Isoperla kir* Fochetti & Vinçon, 1993
 23. *Isoperla luzoni* Tierno de Figueroa & Vinçon, 2005
 = *Isoperla grammatica forma typica* Despax, 1936, 1951 pro parte
 = *Isoperla grammatica* Berthélemy, 1966 pro parte
 = *Isoperla d* Berthélemy, 1979
 24. *Isoperla moselyi* (Despax, 1936)
 = *Chloroperla moselyi* Despax, 1936
 25. *Isoperla obscura* (Zetterstedt, 1840)
 = *Perla obscura* Zetterstedt, 1840
 = *Perla griseipennis* Pictet, 1841
 = *Perla tenella* Rambur, 1842
 = *Chloroperla limbata* Bengtsson, 1933
 = *Isoperla griseipennis* Hynes, 1940
 = *Isoperla griseipennis* Despax, 1951
 26. *Isoperla oxylepis oxylepis* (Despax, 1936)
 = *Chloroperla grammatica oxylepis* Despax, 1936
 27. *Isoperla rivulorum* (Pictet, 1841)
 = *Perla rivulorum* Pictet, 1841
 = *Perla viridella* Rambur, 1842
 = *Chloroperla helvetica* Schoch, 1885
 = *Chloroperla rivulorum* Klapálek, 1909

28. *Isoperla viridinervis* (Pictet, 1865)
 = *Chloroperla viridinervis* Pictet, 1865
 = *Isoperla barnolai* Navás, 1918
 = *Isoperla xaxarsi* Navás, 1921
 = *Chloroperla pilosa* Despax, 1936

Perlidae Latreille, 1802

Dinocras Klapálek, 1907

29. *Dinocras cephalotes* (Curtis, 1827)
 = *Perla cephalotes* Curtis, 1827
 = *Perla baetica* Rambur, 1845
 = *Perla elegantula* Klapálek, 1905
 = *Dinocras neurodes* Navás, 1909
 30. *Dinocras ferrerii* (Pictet, 1841)
 = *Perla ferrerii* Pictet, 1841
 = *Perla ferrerii* Klapálek, 1923
 = *Dinocras domenechi* Navás, 1933
 31. *Dinocras megacephala* (Klapálek, 1907)
 = *Perla megacephala* Klapálek, 1907
 = *Perla baetica* Klapálek, 1907, non Rambur
 = *Dinocras klapáleki* Aubert, 1954

Eoperla Illies, 1956

32. *Eoperla ochracea* (Kolbe, 1885)
 = *Perla ochracea* Kolbe, 1885
 = *Perla paui* Navás, 1909
 = *Perla nigratarsis* Despax, 1931

Marthamea Klapálek, 1907

33. *Marthamea vitripennis* (Burmeister, 1839)
 = *Perla vitripennis* Burmeister, 1839
 = *Perla bicolor* Burmeister, 1839
 = *Perla angusta* Rambur, 1842
 = *Perla vitripennis* Navás, 1909

Perla Geoffroy, 1762

34. *Perla abdominalis* Burmeister, 1839
 = *Perla burmeisteriana* Claassen, 1936 (nom. nov. superfl., TIerno de Figueroa et al. 2003 : 111)
 35. *Perla bipunctata* Pictet, 1833
 = *Perla maxima carlukiana* Klapálek, 1907
 36. *Perla grandis* Rambur, 1842
 = *Perla maxima* Klapálek, 1923, non Scopoli, 1763
 = *Perla kheili* Navás, 1909
 = *Esera fraterna* Navás, 1909
 = *Perla guitarti* Navás, 1921
 37. *Perla marginata* (Panzer, 1799)
 = *Phryganea maxima* Scopoli, 1763, non auteurs modernes
 = *Semblis marginata* Panzer, 1799
 = *Perla malaccensis* Rambur, 1842
 = *Perla barcinonensis* Rambur, 1842
 = *Perla hagenii* Pictet, 1865
 = *Perla luteipes* Klapálek, 1921
 38. *Perla pyrenaica* Reding, 2023
 39. *Perla ravizzaorum* Reding, 2023

Chloroperlidae Enderlein, 1909

Chloroperla Newmann, 1836

40. *Chloroperla breviata* Navás, 1918
 = *Isopteryx kimminsi* Despax, 1941

= *Chloroperla kimminsi* Despax, 1951

41. *Chloroperla susemicheli* Zwick, 1967

42. *Chloroperla tripunctata* (Scopoli, 1763)

= *Phryganea tripunctata* Scopoli, 1763

= *Perla flava* Fourcroy, 1785

= *Perla lutea* Latreille, 1805

= *Leptomerus flaveola* Rambur, 1842

= *Isopteryx tubulosa* Stein, 1879

= *Isopteryx tripunctata* Mosely, 1932

Isoptena Enderlein, 1909

43. *Isoptena serricornis* (Pictet, 1841)

= *Perla serricornis* Pictet, 1841

Siphonoperla Zwick, 1967

44. *Siphonoperla italica* (Aubert, 1953)

45. *Siphonoperla montana* (Pictet, 1841)

= *Perla (Isopteryx) montana* Pictet, 1841

= *Isopteryx montana* Morton, 1898

= *Chloroperla montana*, Aubert, 1951

= *Siphonoperla montana* Zwick, 1972

46. *Siphonoperla neglecta* (Rostock, 1881)

47. *Siphonoperla torrentium* (Pictet, 1841)

= *Perla (Isopteryx) torrentium* Pictet, 1841

= *Isopteryx torrentium* Navás, 1900

= *Chloroperla mariana* Navás, 1918

= *Isopteryx manevali* Kimmins, 1935

= *Chloroperla petita* Claassen, 1936

= *Chloroperla torrentium* Kimmins, 1936

= *Siphonoperla torrentium* Zwick, 1967

Xanthoperla Zwick, 1967

48. *Xanthoperla apicalis apicalis* (Newman, 1836)

= *Chloroperla apicalis* Newman, 1836

= *Chloroperla pallida* Stephens, 1836

= *Leptomerus pallidella* Rambur, 1842

= *Leptomerus albida* Rambur, 1842

= *Perla (Isopteryx) apicalis* Pictet, 1842

= *Isopteryx apicalis* Navás, 1901

= *Xanthoperla apicalis* Zwick, 1967

49. *Xanthoperla apicalis hamulata* (Morton, 1930)

= *Isopteryx hamulata* Morton, 1930

Taeniopterygidae Klapálek, 1905

Taeniopteryx Pictet, 1841

50. *Taeniopteryx hubaulti* Aubert, 1946

= *Taeniopteryx garumnica hubaulti* Aubert, 1946

51. *Taeniopteryx kuehtreiberi* Aubert, 1950

= *Nephelopteryx nebulosa* Kühtreiber, 1934, non Linnaeus

52. *Taeniopteryx nebulosa* (Linnaeus, 1758)

= *Phryganea nebulosa* Linnaeus, 1758

= *Nephelopteryx praetexta* Burmeister, 1839

= *Nemoura nigripes* Zetterstedt, 1840

= *Nemoura socia* Rambur, 1842

= *Nemoura minuta* Rambur, 1842

= *Nephelopteryx nebulosa* Navás, 1908

53. *Taeniopteryx schoenemundi* (Mertens, 1923)

= *Nephelopteryx schoenemundi* Mertens, 1923

= *Nephelopteryx garumnica* Despax, 1929

Brachyptera Newport, 1849

54. *Brachyptera auberti* Consiglio, 1957

= *Brachyptera mussardi* Aubert, 1960 (syn. fide Zwick, 1971b)

55. *Brachyptera braueri* (Klapálek, 1900)

= *Taeniopteryx braueri* Klapálek, 1900

= *Taeniopteryx dusmeti* Navás, 1903

= *Taeniopteryx madritensis* Navás, 1903

= *Taeniopteryx ornata* Navás, 1903

56. *Brachyptera monilicornis* (Pictet, 1841)

= *Nemoura* (*Taeniopteryx*) *monilicornis* Pictet, 1841

= *Taeniopteryx kempnyi* Klapálek, 1901

57. *Brachyptera risi* (Morton, 1896)

= *Taeniopteryx risi* Morton, 1896

58. *Brachyptera seticornis* (Klapálek, 1902)

= *Taeniopteryx seticornis* Klapálek, 1902

= *Taeniopteryx costaborrasi* Navás, 1917

59. *Brachyptera trifasciata* (Pictet, 1832)

= *Nemoura trifasciata* Pictet, 1832

= *Taeniopteryx trifasciata* Navás, 1901

= *Nephotheryx hispanica* Navás, 1905

Rhabdiopteryx Klapálek, 1902

60. *Rhabdiopteryx alpina* Kühtreiber, 1934

61. *Rhabdiopteryx harperi* Vinçon & Murányi, 2009

62. *Rhabdiopteryx neglecta* (Albarda, 1889)

= *Nemoura praetexta* Pictet, 1841, nec Burmeister

= *Taeniopteryx neglecta* Albarda, 1889

63. *Rhabdiopteryx thienemanni* Illies, 1957

Nemouridae Billberg, 1820

Amphinemura Ris, 1902

64. *Amphinemura borealis* (Morton, 1894)

= *Nemoura borealis* Morton, 1894

65. *Amphinemura standfussi* (Ris, 1902)

= *Nemoura pallipes* Stephens, 1836

= *Nemoura* (*Amphinemura*) *standfussi* Ris, 1902

= *Nemoura osorioi* Navás, 1929

= *Nemoura vicina* Navás, 1932

66. *Amphinemura sulcicollis* (Stephens, 1836)

= *Nemoura sulcicollis* Stephens, 1835

= *Nemoura fumosa* Stephens, 1835

= *Nemoura fumosa* Navás, 1917

= *Nemoura angulosa* Navás, 1919

67. *Amphinemura triangularis* (Ris, 1902)

= *Nemoura* (*Amphinemura*) *triangularis* Ris, 1902

Protonemura Kempny, 1898

68. *Protonemura alexidis* Vinçon, Launay & Reding, 2021

69. *Protonemura algovia* Mendl, 1968

70. *Protonemura angelieri* Berthélemy, 1963

= *Nemoura* (*Protonemura*) *nimborella* pro parte Despax, 1951, non Moselyi, 1930

71. *Protonemura beatensis* (Despax, 1929)

= *Nemoura beatensis* Despax, 1929

72. *Protonemura brevistyla* (Ris, 1902)

= *Nemoura* (*Protonemura*) *brevistyla* Ris, 1902

73. *Protonemura bucolica* (Consiglio, 1957)

= *Nemoura* (*Protonemura*) *bucolica* Consiglio, 1955

74. *Protonemura canigolensis* Zwick & Vinçon, 1993

75. *Protonemura caprai* (Aubert, 1954)

= *Nemoura caprai* Aubert, 1954

= *Nemoura* (*Protonemura*) *caprai* Consiglio, 1955

76. *Protonemura corsicana* (Morton, 1930)

= *Nemoura corsicana* Morton, 1930

= *Nemoura* (*Protonemura*) *corsicana* Consiglio, 1957

77. *Protonemura culmenis* Zwick & Vinçon, 1993

78. *Protonemura intricata intricata* (Ris, 1902)
 - = ? *Nemoura humeralis* Pictet, 1836
 - = *Nemoura (Protonemura) intricata* Ris, 1902
 - = *Nemoura clavata* Navás, 1918
 - = *Protonemura umbrosa* Illies, 1966, non Aubert, non A.E. Pictet
79. *Protonemura jurassica* Reding, Bolard & Vinçon, 2017
80. *Protonemura lateralis* (Pictet, 1836)
 - = *Nemoura lateralis* Pictet, 1836
81. *Protonemura lupina* Vinçon & Reding, 2021
82. *Protonemura meyeri* (Pictet, 1841)
 - = *Nemoura meyeri* Pictet, 1841
 - = *Nemoura subulata* Navás, 1917
 - = *Nemoura salai* Navás, 1927
83. *Protonemura montana* Kimmins, 1941
84. *Protonemura nimborella* Mosely, 1930
85. *Protonemura nimborum* (Ris, 1902)
 - = *Nemura nimborum* Ris, 1902
86. *Protonemura nitida* (Pictet, 1835)
 - = *Nemoura nitida* Pictet, 1835, non *nitida* Stephens
87. *Protonemura padana* Vinçon & Ravizza, 2005
88. *Protonemura praecox praecox* (Morton, 1894)
 - = *Nemoura praecox* Morton, 1894
89. *Protonemura pyrenaica* (Mosely, 1930)
90. *Protonemura risi* (Jacobson & Bianchi, 1905)
 - = *Nemoura (Protonemura) fumosa* Ris, 1902
 - = *Nemoura risi* Jacobson & Bianchi, 1905
91. *Protonemura spinulosa* (Navás, 1921)
 - = *Nemoura fumosa occidentalis* Despax, 1929
 - = *Nemura spinulosa* Navás, 1921
 - = *Protonemura occidentalis* Despax, 1951
 - = *Protonemura fumosa spinulosa* Aubert, 1963
 - = *Protonemura spinulosa* Vinçon & Ravizza, 2005
92. *Protonemura tuberculata* (Despax, 1929)
 - = *Nemoura tuberculata* Despax, 1929b
93. *Protonemura vandeli* Berthélemy, 1963
94. *Protonemura vercingetorix* Aubert, 1963
95. *Protonemura zhiltzovae* Vinçon & Ravizza, 2005
 - = *Protonemura brevistyla* Zwick & Vinçon, 1993

Nemoura Latreille, 1796

96. *Nemoura avicularis* Morton, 1894
97. *Nemoura banatica* Kis, 1965
98. *Nemoura cambrica* Stephens, 1836
99. *Nemoura cinerea cinerea* (Retzius, 1783)
 - = *Perla cinerea* Retzius, 1783
 - = *Nemoura variegata* Olivier, 1811
 - = *Nemoura nebulosa* Stephens, 1836
 - = *Nemoura cruciata* Stephens, 1836
 - = *Nemoura fuliginosa* Stephens, 1836
 - = *Nemoura pusilla* Stephens, 1836
 - = *Nemoura umbrosa* Pictet, 1865
 - = *Nemoura variegata castanea* Kempny, 1898
 - = *Nemura variegata* Navás, 1899, non Olivier
 - = *Nemoura lobulata* Navás, 1918
 - = *Nemoura lapazarani* Navás, 1931
100. *Nemoura cinerea selene* Consiglio, 1959
101. *Nemoura confusa* Zwick, 1970
102. *Nemoura dubitans* Morton, 1894
103. *Nemoura erratica* Claassen, 1936
 - = *Nemoura risi* Despax, 1929b
104. *Nemoura flexuosa* Aubert, 1949
 - = *Nemoura erratica* Brinck, 1949, non Claassen
105. *Nemoura lacustris* Pictet, 1865
 - = *Nemoura bolivari* Klapálek, 1902
 - = *Nemoura caudata* Navás, 1929
 - = *Nemoura monspessulana* Despax, 1930
106. *Nemoura linguata* Navás, 1918

- = *Nemoura sigma* Despax, 1929
- = *Nemoura riverai* Navás, 1929
- = *Nemoura sigma pedestris* Despax, 1934

107. *Nemoura marginata* Pictet, 1835
108. *Nemoura minima* Aubert, 1946
109. *Nemoura mortoni* Ris, 1902
110. *Nemoura moselyi* Despax, 1934
111. *Nemoura obtusa* Ris, 1902
112. *Nemoura palliventris* Aubert, 1953
113. *Nemoura pseudoerratica* Vinçon & Pardo, 2003
114. *Nemoura rivorum* Ravizza & Ravizza Dematteis, 1995
115. *Nemoura sciurus* Aubert, 1949
116. *Nemoura sinuata* Ris, 1902
117. *Nemoura uncinata* Despax, 1934
 - = *Nemoura fulviceps* Aubert, 1963, nec Klapálek
 - = *Nemoura fulviceps* Berthélemy, 1966, non Klapálek
118. *Nemoura undulata* Ris, 1902

Nemurella Kempny, 1898

119. *Nemurella pictetii* Klapálek, 1900
 - = *Nemura inconspicua* Kempny, 1898
 - = *Nemura pictetii* Klapálek, 1900
 - = *Nemura (Nemurella) rodriguezi* Navás, 1918
 - = *Nemura duclosi* Navás, 1932

Capniidae Klapálek, 1905

Capnia Pictet, 1841

120. *Capnia nigra* (Pictet, 1833)
 - = *Perla nigra* Pictet, 1833
 - = *Capnia maynari* Navás, 1917
121. *Capnia vidua collarti* Aubert, 1950
122. *Capnia vidua vidua* Klapálek, 1904

Capnioneura Ris, 1905

123. *Capnioneura aptera* Berthélemy, 1969
124. *Capnioneura brachyptera* Despax, 1932
125. *Capnioneura libera* (Navás, 1909)
 - = *Capnia libera* Navás, 1909
 - = *Napcia libera* Navás, 1917
 - = *Capnioneura libera* Aubert, 1952
126. *Capnioneura mitis* Despax, 1932
127. *Capnioneura nemuroides* Ris, 1905
128. *Capnioneura petricola* Giudicelli, 1967

Capnopsis Morton, 1896

129. *Capnopsis schilleri* (Rostock, 1892)
 - = *Capnodes schilleri* Rostock, 1892

Zwicknia Murányi, 2014

130. *Zwicknia bifrons* (Newman, 1838)
